

Paques BIOPAQ ICX Reactor Successfully Commissioned in a Single Day at Sainsons Paper Industries

Paques India achieves remarkable milestone of commissioning BIOPAQ®ICX Reactor at Sainsons Paper Industries within a single day.

March 25, 2021

Remarkable Commissioning of Paques BIOPAQ®ICX reactor at Sainsons Paper Industries

Paques India has successfully commissioned BIOPAQ® ICX reactor at Sainsons Paper Industries, in Kurukshetra – Haryana. Within few hours of commissioning, the reactor notably started producing biogas.

The wet washing wastewater from the paper mill is treated in the process for removing of harmful chemicals, resulting in clean water being generated for further utilization and thus adhering to the norms of regulatory authorities.
